

First in LEDs...The solid state warning light leader.™

AVAILABLE IN SEPTEMBER!

Mechanical Model

911EP proudly introduces the **360 Star**®, a virtually maintenance-free lighting solution for a wide range of law enforcement, fire and rescue, and light and heavy equipment applications. The 360° viewing angle provides tremendous visibility for your vehicle.

The 360 Star® has an extremely low amperage draw and consumes up to 70% less energy than traditional strobe and halogen technology. You can operate the 360 Star® while your engine is off, saving fuel and strain on your vehicle.

FEATURES

- Brightest, most powerful LED's available
- Low profile design with 360 degree viewing radius
- High visibility Fresnel Lens provides enhanced optics
- Flash patterns – up to 16 patterns to choose from
