ELECTRONIC BACK-UP ALARMS

Field proven reliability accounts for the popularity and demand for Whelen Electronic Back-up Alarms. These rugged alarms have all passed a one million cycle test and meet O.S.H.A., Bureau of Mines, and State regulations.

Decibel ratings for all alarms are +/- 4dB (A) @ 4', as specified in SAE J994 (March, 1985)

BACK-UP ALARM SWITCH

For vehicles not equipped with back-up lights, the Super-Duty Switch is a water resistant switch with a 5 amp rating and full 360° movement. It is normally open and an adjustable mounting bracket which is easily installed near the gearshift, is included. U.L. and C.S.A. approved.
