TIR3™ Series

TIR3 Super-LED™ (patent pending)
Light Modules

RSA030CR

RSR03FCR

RSB03ZCR

TIR3 Series is the tiny Super-LED™ module with a big attitude. Encapsulated, low current TIR3 LED's are tough as nails so they'll go to work for you anywhere on your vehicle, shrugging off moisture and road vibration. Perfect for mounting in the grille, on side mirrors, on bumpers, over steps, on motorcycle boxes and fairing, on ATV's, forklifts and material-handling vehicles ... Wherever high intensity, wide angle warning is required.

FEATURES

- Highly effective TIR3 (patent pending) Super-LED™ surface mount module with built-in cast aluminum flange.
- Tiny size, dozens of applications.
- Super-LED tough, low current, vibration and moisture resistant.
- Available in steady-on only, or with 15 ScanLock™ patterns, or with 10 ScanLock™ patterns and synchronization capability.
- Available in all four safety colors.
- Five year warranty.

MODELS

RS*030CR: Two-wire, steady-on. (Remote flasher purchased separately)

RS*03FCR: Three-wire, 15 ScanLock flash patterns, including steady-on.

RS*03ZCR: Four-wire, 10 ScanLock flash patterns plus synchronization for simultaneous or alternating pattern with other TIR3 LED modules or any Whelen Models with synchronization capability.

Designed & Manufactured in the U.S.A.

Whelen Engineering reserves the right to upgrade and improve products without notice.
